Table Five {God's Truth}

Each person at the table needs to pick one of the questions below (or one you've had) to research and find the answer to then share with the group.

1. Why do bad things happen to good people?
2. Is the Bible really all true?
3. Will people who have never heard about Jesus go to heaven?
4. Does the Bible teach it's wrong to judge?
5. Are faith and science in opposition?
6. Are there many interpretations of the Bible?
7. Why is reading the Bible important?
8. Does a loving God send people to hell?
9. Is Jesus the only way?
10. What is our purpose in life?
